

Inspiring Writing *through the creative use of ICT*

Sound and imagery are extremely powerful tools to engage reluctant writers. If used effectively they can inspire and motivate pupils and greatly enhance teaching and learning in all aspects of literacy and ICT.

ICTinspires offers an exciting one day multi media course to enhance the use of ICT and literacy across the curriculum. In this one day course the training will identify opportunities for pupils to work collaboratively, recognise the need to take account of preferred learning styles and demonstrate how ICT can be integrated throughout the curriculum in exciting and imaginative ways.

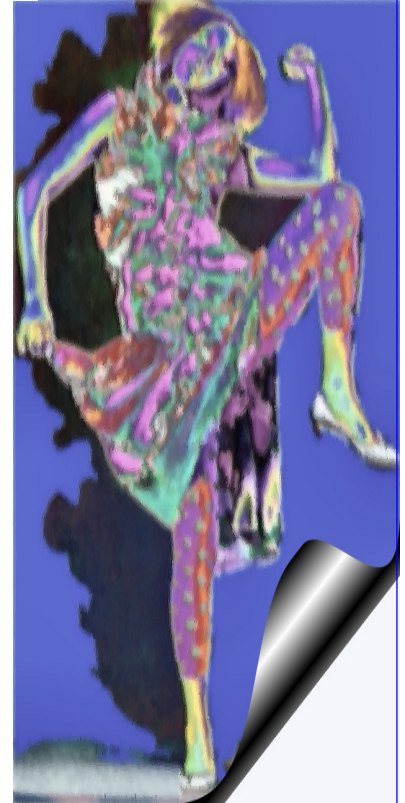

Using and finding the best multi-media resources can take time and research. With teaching backgrounds and 20 years combined Curriculum ICT Adviser experience, Debbie Schofield and Anna Suggett have a wide breadth of knowledge and resources on which to draw. This course aims to be practical in its content and lots of examples and ideas will be presented. Delegates will be able to download resources that can be used in the classroom the following day.

Course venue: Wickford CDC, Alderney Gardens, Wickford SS11 7JZ

Date: Thursday 28th June from 9.30am – 4.00pm

The cost of this one day course is £165 (inc lunch and refreshments)

For further information or to book a place visit www.ICTinspires.co.uk
or call Anna Suggett 07734 304811 or Debbie Schofield 07786125567

Delegates will:

- Investigate the use of Paint.Net and explore image manipulation
- Use Scratch to create a short animation and/or game
- Investigate how imagery can be used to motivate reluctant writers
- Explore Audacity and its power to create narrations and other sound files
- Discuss the place of games in the curriculum and how they can add excitement to learning
- Have the opportunity to experiment and have support at hand
- Create a portfolio of ideas to inspire writing using ICT
